

Make Your Own Easter Egg Hunt

Easter egg hunts are a fun family tradition, here are some alternative ideas if you're unable to go to a supermarket or shop.

Ideas to try

- Plan a route inside your house or outside in the garden.
- Try hunting for missing pieces of a family favourite jigsaw puzzle or make your own jigsaw by drawing a picture, cutting the pieces out and hiding them in the garden (you may have to wrap them in cello tape to protect them and make sturdy)
- Hiding a golden ticket, to be exchanged for a day out.
- If you don't have any mini eggs, try using clothes pegs which can be exchanged for a treat.
- Write creative clues to discover where the prize is hidden i.e. Mum likes to cook up tasty treats here (the kitchen)
- Nature Scavenger Hunt inspired by the trees, animals, and plants outside
- Eggs-ercise Hunt - fun activities to do once you find your prize i.e. skip round the garden, hop like a bunny, touch your toes.
