

## Easter Time-Capsule

**With Easter fast approaching now is a great time to start collecting items for an Easter time capsule. Time capsules are a fun activity for the whole family, allowing you to capture memories you can cherish forever.**

All you need is a suitable tin (e.g. an old biscuit tin or a sweet jar/plastic tub)

You can put anything in your capsule, the list below is not exhaustive of things your time capsule could include: –

- A local paper with today's headline
- A national newspaper with today's headline
- A favourite book, poem or comic
- The whole family's handprints and any pet's prints, plus family names in salt dough.
- Add a list of your names and dates of birth
- As it's Easter, you could blow an egg and paint it
- An empty Easter egg box and egg wrapper
- Photos of a special holiday
- If you have a garden, pick some flower/leaves, press and make a picture
- A used postage stamp
- A letter to or from a friend or family member
- Write about your family and pets
- Write about your school and hobbies
