

Pumpkin Decorating Activity

Pumpkins are popular decorations during Halloween.

This activity could be great to decorate a room, just for fun, or to raise money for club/school activities. This activity could be turned into a contest, an auction, or a roadside sale. *Supervised by an adult.*

You may not want to involve younger cubs and beavers in carving pumpkins but that shouldn't stop you from letting them have some fun by painting or stencilling pumpkins.

This activity is safe

- decorate a pumpkin to look like a cartoon
- decorate a pumpkin as a famous person
- You could theme your activity and see what creative ideas arise

Materials needed:

pumpkins of varying sizes

paints and other art supplies

Judges :

How about involving community members as judges in your pumpkin-decorating contest, then auctioning off the winning pumpkins? Present the winner with a badge, certificate or ribbon.

Have fun!
