## Minibeast Quiz

Name .....

## Can you identify the minibeasts from their description?

Be a Kids Country nature detective and see how many different minibeasts you can identify.

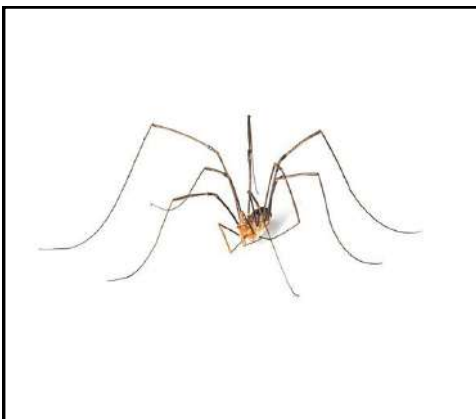

I am a carnivore that likes to hunt for my food at night. My strong jaws allow me to crush my prey. In the day time, I hide under logs, stones and dead leaves.

**I AM A** \_\_\_\_\_

I use my big pincers to crush my prey. I am a carnivore and will eat insects, worms and spiders. If I feel threatened, I adopt a scorpion like position.

**I AM A** \_\_\_\_\_

People often confuse me for a spider but unlike a spider, I only have two eyes and I cant spin webs. I'm known for my long legs.

**I AM A** \_\_\_\_\_

I live in colonies of up to 2000. I feed on sugary foods and liquids. My body is smooth and shiny. If I feel threatened, I may sting you and I do not die after stinging.

**I AM A** \_\_\_\_\_

I live in large colonies and there are over 50 species of me. Depending on the species, I could be a herbivore, carnivore or omnivore.

**I AM AN** \_\_\_\_\_

I am a large green coloured fly with transparent wings. I'm carnivorous and eat aphids.

**I AM A** \_\_\_\_\_

I can often be found hiding under logs and stones because I prefer dark and damp places. I eat rotting leaves and wood.

I AM A \_\_\_\_\_

I have one hundred legs which might help you guess my name. Once I detect my pray, I move fast and paralyse it with venom.

I AM A \_\_\_\_\_

There are over 70 species of me in the UK. I eat dead organic matter and I am very important to farming because I fertilise the soil by bringing nutrients to the surface.

I AM AN \_\_\_\_\_

How many minibeasts can you find in your garden or in the school playground? You can look for creepy crawlies under logs and stones as well as in the air and on flowers.
